

Outreach Report – April 9, 2019 meeting

- Blood Drive at FLC Thursday, March 14 1-7 pm
 - successful drive in spite of poor weather
 - Red Cross continues to show appreciation for our help with this
- Carol Roehl shared that she's been in contact with Operation Bootstrap Africa, and that they may be willing to come to FLC to present on their work. Carol and I thought the fall would be the best time. I think members of the church would enjoy seeing the fruits of our investments of time and finances years ago.
- Received positive feedback on the Meals by Wheels write up in the last Messenger. Plan is to continue this with a different organization monthly. Struggling a bit to accomplish this for April due to time devoted to my other area of volunteerism—OLV School Spring Gala April 27—but will do my best.
